I do not believe that the government has ANY  
business trying to punish Microsoft for the  
position of excellence it has EARNED!

Attorney General John Ashcroft  
US Department of Justice  
950 Pennsylvania Avenue, NW  
Washington, DC 20530

Dear Mr. Ashcroft:

I am writing to you today to express my continued support of the Microsoft Corporation and in my support of the recent settlement in particular. The antitrust litigation was without question not merited. Yet, the settlement marks the end of this lengthy process. This settlement is in the best interests of the technology industry in and the American economy.

I personally find it outrageous that the government finds it necessary to get involved with the reigns of the free markets. The principles of the free market are what have made this nation excel. Microsoft has definitely earned its position as a leader in the technology sector. I do not believe that they should be punished for their excellence.

I appreciate your time and efforts in Washington.

Sincerely,

*Constance R. Lewis*
